For 7 months old puppy shows a lot of promise. This moment needs little more head & muzzle that comes with time. Little high on rear.

Very nice headed dog. But he should have black pigment around eyes. He is little high in the rear on move. Beautiful neck & shoulder. Very nice coming & going.

I'd like to see stronger head & muzzle. He has very nice topline. Very sound coming & going. Coat is very soft, that's why only very good.
