

Turku 8.8, Irina Poletaeva

WESTCHARM'S FAIRYTALE 13622/09

PEN 1. kp ROP-pentu

Very promising young bitch. Correct body proportions. Lovely head and expression. Scissors bite. Excellent pigmentation. Typical topline and tail carriage. Ribcage and fore chest very well developed for age. Excellent moving and presentation.

BLUE BALTIC'S ISN'T HE COOL 54961/08

JUN EH 1

Correct breed type. Strong bones. Should have better physical condition. Very well developed skull. Excellent pigmentation. Good length of neck. A bit soft back. Excellent tail carriage. Very well developed in fore chest and ribcage. Front feet a bit toeing out. Correct rear angulations. Moves with drive. Promising but still puppyish coat.

LEONARD 24238/08

JUN EH 2

Correct type. Excellent bones. Still needs time for the development, especially fore chest. Very well developed skull. Quite big ears. Scissor bite. Excellent topline and tail carriage. Brest bone could be a bit longer. Correct angulations and movement. Middle quality coat texture.

CAPZY'S SNOWBALL SWANY 36733/05

AVO EH 3

Correct type, size and bone. Typical head and expression. Scissor bite. Correct pigmentation. Correct topline and tail carriage. A bit too straight in front. Needs better fore chest. Very well angulated behind. Middle quality coat texture. A bit out of elbows. Moves well.

LOVING YOU LIVERPOOL 36491/07

AVO ERI 1 PU-1 sert ROP

Excellent type. Correct bones. Enough developed skull. Excellent expression and pigmentation. Typical topline and tail carriage. Well developed fore chest. Very well angulated and moves. Harsh coat. Excellent temperament and presentation.

WHO'S SUPER HERO 14303/06

AVO EH 2

Correct type, size and bones. Typical head and expression. Excellent pigmentation. Scissor bite. Typical topline and tail carriage. Enough fore chest. Should have stronger hindquarters. Correct side movement. Middle quality coat texture.

UNIQUE ONE GLADIATOR MAXIM 22237/07

VAL ERI 1 PU-2

Correct breed type. Excellent bones. Enough developed skull. Excellent expression and pigmentation. Scissors bite. Typical topline and tail carriage. Very well angulated and moves. Harsh coat. Typical temperament.

SPARK'S PRO FI 25249/08

NUO ERI 1 PN-1 sert VSP

Correct type, size and body proportions. Typical head and expression. Correct dentition. Very well developed ribcage. Typical topline and tail carriage. Very well angulated behind. Moves with drive. Middle quality coat texture. Typical temperament.

ADELINA 20746/05

AVO EH 1

Correct breed type. Excellent bones. Very well developed in skull. Muzzle should be a bit wider below eyes. Excellent pigmentation. Scissors bite. Enough neck. Level topline. Enough fore chest. Brest bone could be a bit longer. Very well angulated behind. Typical movement. Harsh coat. Should have more temperament.

SINERMÄEN MERIKUKKA 47178/04

AVO EH 3

Good type. Rather long muzzle. Correct pigmentation. Scissors bite. Correct ear carriage. Enough long neck. Bit soft back. Correct tail carriage. Enough fore chest. Enough angulated behind. Needs better rear movement. Middle quality coat texture.

WESTCHARM'S CARAMBA 41729/05

AVO EH 2

Correct breed type. A bit narrow muzzle below eyes. Scissor bite. Correct pigmentation. Excellent crest of neck. Should have better topline in movement. Enough fore chest. Brest bone could be longer. Needs better angulations, especially in hocks.
