Almost 2 years. Feminine in type & proportions. Sufficient in bone & substance. Needs more stability in the front standing & on the move. Feminine in head profile. Could be a bit firmer in topline. Movements from the behind could develop a bit more power & drive. Coat quality could be harsher. I would prefer a bit more terrier temperament.

AVO EH 3

Feminine bitch. She could be a shade shorter in body and I would prefer a firmer topline. She could do with a bit more stability in the front. I would prefer a harsher coat quality. Feminine in head & expression, but she could have a better ear carriage. Movements could develop a bit more power & drive. Nice temperament.

AVO EH 4

Bigger bitch. She could have had a firmer topline standing & on the move. Correct in head profile. Nice eye & pigmentation. Could do with a bit more stability in the front. Normally angulated behind. Correct coat quality. Could be a bit firmer on the move & could show a bit more terrier temperament. Well presented.

AVO EH

Compact bitch. She could show a bit more terrier temperament and she needs to have better movements, more fluent & easy. Nice eye & pigmentation. Needs more stability in front. I would prefer a harsher coat and she needs to have a more level topline. Very well presented.
